Celebrating 25 Years!

On February 19, 2026, Hope Clinic for Women celebrated 25 years of loving, supporting, and caring for moms facing planned and unplanned pregnancies in our community. Held at the beautiful Monserate Winery in Fallbrook, the evening brought together board members, staff, volunteers, supporters, and clients to reflect on God's faithfulness through the years. Guests were inspired by speaker Sophia Lorey of the California Family Council, as well as a courageous former patient who shared her story of choosing life after beginning the abortion pill process. Today, her child is a thriving two-year-old—a powerful testament to hope and second chances. As we celebrated, we were reminded of the hundreds of lives changed and babies saved through this ministry. By God's grace, the evening concluded with an incredible outpouring of generosity, reaching our goal of \$200,000 in donations and pledges for 2026.
